years of team experience

Our commitments

Every trade under one roof

HVAC, ductwork,
electrical and
plumbing; you
choose what your
project needs.

A photo report after every visit

Photos of all the
work done on your
site.

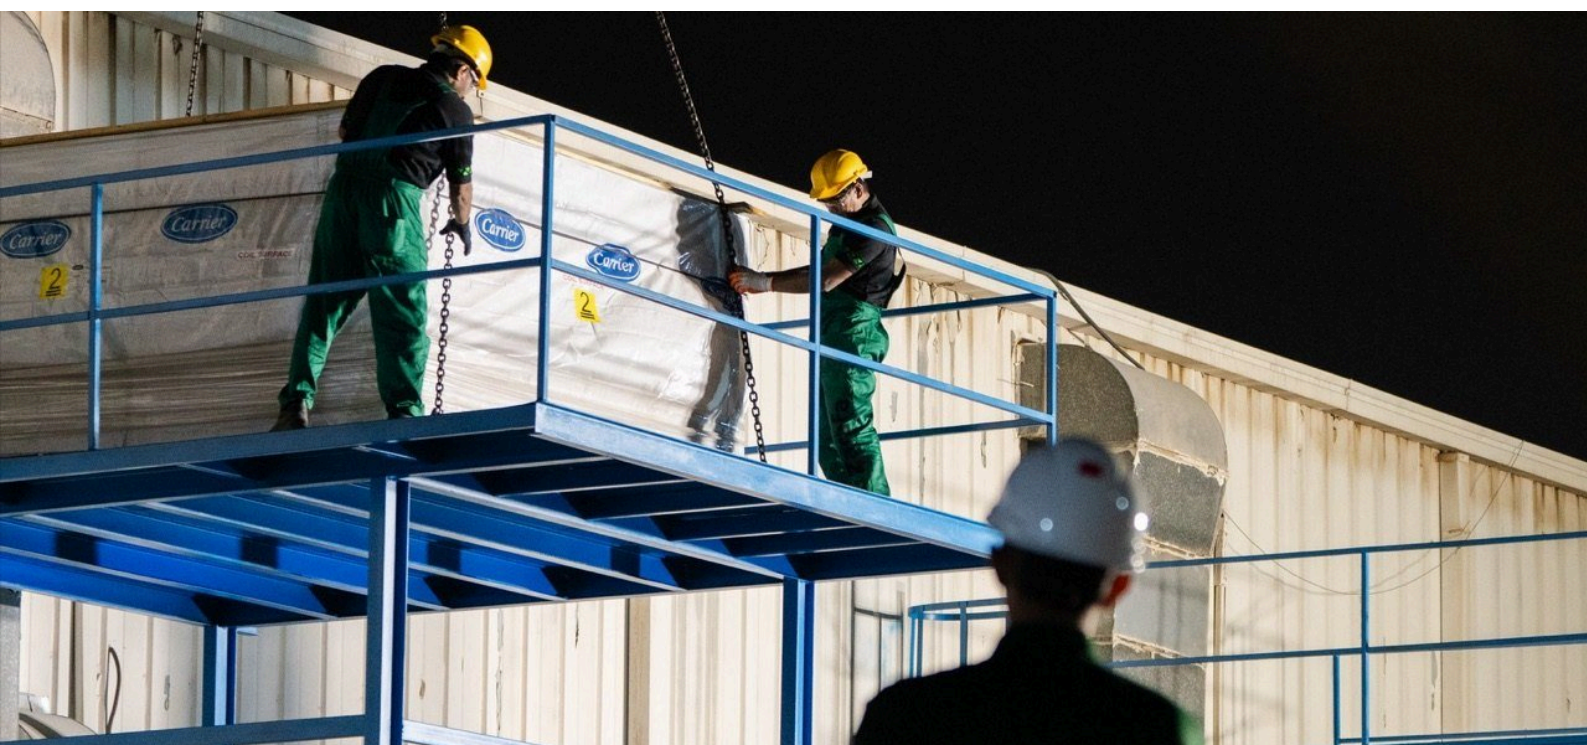

Calculated before priced

We work out what
your building needs
before we quote.

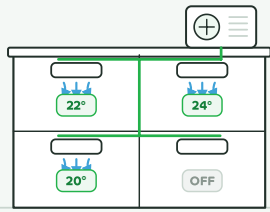

A written warranty

A warranty
certificate with
every project we
hand over.

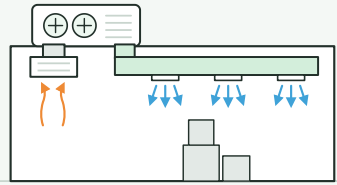

Our services

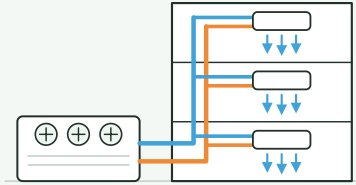

VRF Systems

One outdoor unit serves every room, each with its own control.

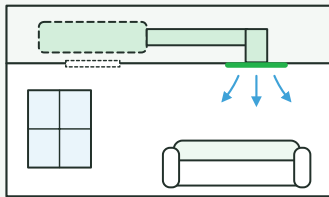

Central AC (Package Units)

Package units for warehouses, showrooms and commercial buildings.

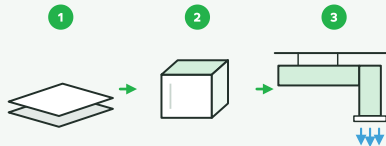

Chiller Maintenance

Scheduled maintenance for chillers and chilled-water systems.

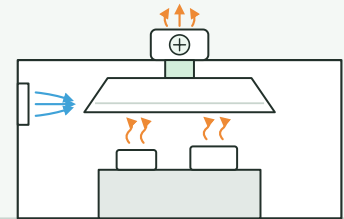

Concealed Ducted Split

Strong cooling with nothing on the walls, the unit sits above the ceiling.

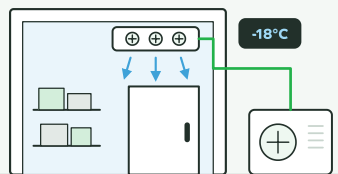

Ductwork Fabrication

Ductwork made and installed to your site's sizes.

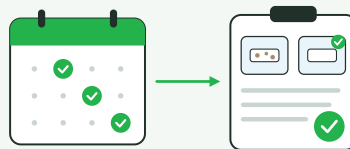

Kitchen Hoods & Ventilation

Extract kitchen heat and smoke, and bring in fresh air to replace it.

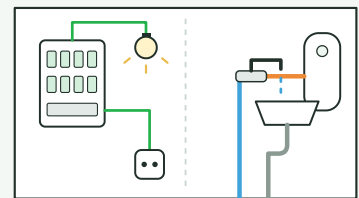

Cold Rooms

Chiller and freezer rooms that keep your stock at a steady temperature.

Maintenance Contracts (PPM)

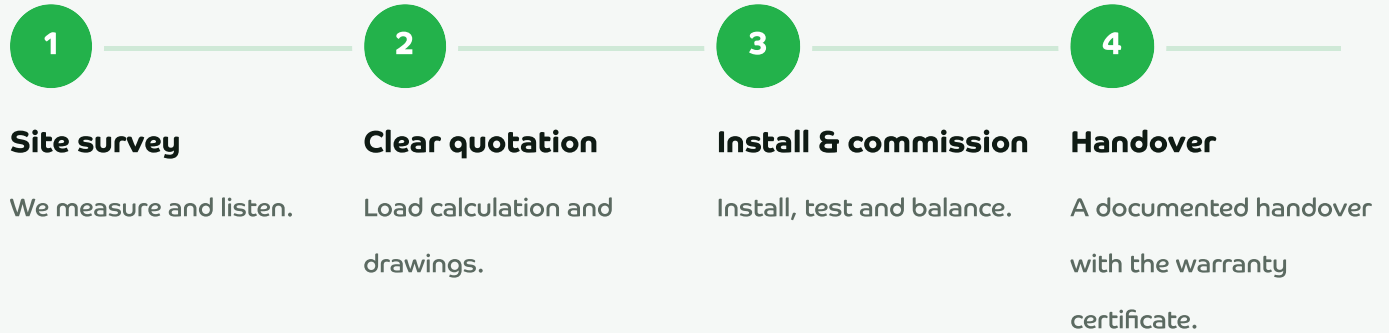

Scheduled visits and a photo report after every visit.

Electrical & Plumbing

First and second fix electrical and plumbing for residential and commercial projects.

How we work

Our work

Central AC for an industrial facility, Riyadh

Package units on elevated steel platforms, crane-lifted at night so site operations were not disrupted.

Who we serve
